COOKING

4 Stylish Cookers

With unrivalled visibility our cookers are no ordinary cookers.

FLOORCARE

12 Cleaning up

Clean your home effortlessly with our unique floorcare range.

STYLISH COOKERS WITH UNRIVALLED VISIBILITY

Our cookers are no ordinary cookers. The most striking feature is the unique 'Insight' cavity which allows you to see more of what's cooking. This unrivalled 'Insight' is achieved through a combination of the unique angled interior cavity and the enormous viewing windows which span nearly the whole height of the cooker. Together they allow even the tallest person to easily see what's cooking. Packed with fabulous features (many usually found only on built-in appliances), you are bound to find one you will fall in love with.

Fantastic freestanding cookers designed with you in mind.

The cooker is the heart of the home and one of the most important choices you will make. If you love cooking, entertaining, demand choice, great cooking features and easy maintenance, look no further. We have designed our cookers with you in mind.

Touch Control

Packed with fabulous features, the EKC607601X has unique touch controls for both the oven and hob. With precision temperature control at your fingertips, this hob also has individual timers for each cooking zone and the Stop+Go function. Great for unexpected interruptions this function automatically reduces all the zones to the minimum heat level at the touch of a button.

Choice of widths

Available in a range of widths from 60cm through to 100cm range cookers. We were thinking of you when we developed these appliances. Thinking of making your kitchen life more relaxed and fun.
